

# Smart IoT Hub

Tapo H100

## Unite Your Tapo Ecosystem

Up to 64  
Devices

Smart Alarm  
& Chime

Advanced Home  
Automation

## // Unite Your Tapo Ecosystem

Connect up to 64 sub-devices using Tapo's efficient low-power protocol and centralize them on your Wi-Fi network via the Tapo Hub for seamless control through the Tapo app.

## // 3 in 1 Device for All Your Needs<sup>†</sup>

Tapo H100

### Smart IoT Hub

Use a long-distance, low-power wireless protocol to connect to battery-powered Tapo devices.

### Smart Alarm

Protect your home security by coordinating with Tapo smart sensors (motion sensor, window/door sensor, and more).

### Smart Doorbell

Easily build your smart doorbell system, by installing the Tapo smart button on the door.

<sup>†</sup>To build a smart alarm or smart doorbell, the Tapo Hub will need to work with certain smart devices.

## // Features

- **Smart Alarm & Chime** – Pair with Tapo sensors and smart buttons to sound hub alarms or chimes when triggered.  
(Tapo sensors and Tapo smart buttons sold separately.)
- **Local Mode** – With the Tapo Hub, sub-devices and home automation work consistently within a Local Area Network (LAN).
- **Advanced Home Automation** – With the Tapo Hub, effortlessly control other Tapo devices by setting up automations triggered by Tapo sensors.
- **Ultra-Long Distance Connection** – With the low frequency wireless protocol, Tapo hub sends and receives data steadily throughout your home.
- **Ultra-Low-Power Performance** – Connect wirelessly with a wide range of Tapo accessories and never let your guard down.
- **Real-Time Notifications** – Monitor your entire home and all connected devices to get instant alerts when the activity is detected. The built-in alarm gives you more than enough protection.
- **19 Ringtone Options** – 90 DB<sup>†</sup> built-in multiple ringtones for your customized scenarios.
- **Up to 64 Devices<sup>#</sup>** – Connect multiple devices to create a smart ecosystem for your home.
- **Device Sharing** – Easily share management permissions with each member of your family.
- **Easy Setup and Use** – No wiring required. Set up quickly and manage easily through the free Tapo app.
- **Flame-Retardant<sup>^</sup>** - PC flame-retardant materials help minimize burning hazards.

<sup>†</sup>Decibel values may vary by ringtones and environmental factors.

<sup>#</sup>The max connections may vary by the types of smart devices connected.

<sup>^</sup>Made with V-0 (UL94) flame-retardant materials.

## // Specifications

### General

- Wireless: 2.4 GHz Wi-Fi, 922 MHz for connected devices\*
- Rating: AC, 100-240 V, 50/60 Hz
- Power Consumption: 0.5 W
- Standby Power Consumption: 0.1 W
- Material: V-0 (UL-94) Flame retardant PC<sup>^</sup>
- LED&Button: Status LED, SYNC/Silence Button
- Built-in: 90 DB<sup>‡</sup> alarm, 19 ringtones

### Others

- Package Contents:  
Smart Hub Tapo H100  
Quick Start Guide
- Certifications: FCC, JRF, VCCI, ETL, NCC, BSMI, RoHS
- Operating Temperature: 0 °C– 40 °C (32°F–104°F )
- Operating Humidity: 10%–90%RH, Non-condensing
- Dimensions: 72×56.8×51 mm (2.83×2.24×2 inch)

\*The specific working frequencies are 920.9 MHz to 923.3 MHz.

<sup>^</sup>Made with V-0 (UL94) flame-retardant materials.

<sup>‡</sup>Decibel values may vary by ringtones and environmental factors.

Please do not use in damp environments or outdoors. For more information, please visit <https://www.tapo.com/>
